

- ✦ Low Cost With Highly Reliable.
- ✦ Small Size with All standard Features
- ✦ Full SS With Flush Mounted
- ✦ Single Controller with All Sensor
- ✦ Monitoring and Controlling
- ✦ Centralized Server Data Monitoring and Logging Through Server Software.
- ✦ Special Design for Isolation & OT Room

SSCP-21 - Display Size 21 Inch (Touch)

SSCP-24 - Display Size 24 Inch (Touch)

SSCP-32 - Display Size 32 Inch (Touch)

Operation Theatre Control Panel is Important to Monitor, Control, Caution and Data in the Advanced Medical Clinic Working Theatre. The Module is Customized with Multiple Input Output. Theatre or Surgeons Control Panels Combine the Controls of an Operation Theatre In to the Single Interface Panel Comprising such a Lighting, Temperature, Humidity and Room Pressure, Ventilation and Critical Alarms. They Provide Clinical Teams with a Simple and Intuitive Method of Monitoring and Controlling the Entire Theatre Environment at the Touch of a Fingertip. UNITECH' an Special Application Oriented Pre-Programmed Controller with all Sensor.

### STANDERS & OPTIONAL FEATURES

- |  |   |
|--|---|
| ✦ Touch LCD Display (As per Model)                   | ✦ Dimming Illumination of Operating Room          |
| ✦ Temperature Display with Hi, Low Alarm             | ✦ Telephone - Touch Pad - Hands Free              |
| ✦ Date & Time Real Time Clock                        | ✦ UPS and Power Line Alarm                        |
| ✦ OT Room Differential Pressure with Hi, Low Alarm   | ✦ UCV Control, when Applicable                    |
| ✦ Temperature & Humidity & DP Control                | ✦ Alarms Report                                   |
| ✦ Dirty Filter Display and Alarm-HEPA-Laminar.       | ✦ Doors Opening / Closing Cycle Counting          |
| ✦ Operating or Elapsed Time                          | ✦ Doors Interlocking and Window Control.          |
| ✦ Anaesthesia Countdown                              | ✦ Centerised SCADA Systems                        |
| ✦ OT Light Control System                            | ✦ USB Connection for Data Logging                 |
| ✦ Medical GAS Hi – Low Alarm System                  | ✦ Report of Environmental Values                  |
| ✦ Humidity Display with Hi, low alarm                | ✦ WHO Checklist & USB Connection for Data Logging |
| ✦ Utility Data Monitoring -Mains, Generator, UPS     | ✦ HVAC, AHU, Compressor, DHU & Heater Control     |
| ✦ X-Ray view Control                                 | ✦ Music Player                                    |
| ✦ Flush Wall Mounted fully stainless steel Material. | ✦ Data Acquisition, Analysis and Processing       |
| ✦ With all Clean Room Mounted Sensor                 | ✦ Environments Monitoring & Controls.             |
